This Weeks Run...

Run No:	Hares:	Place:	Date:
1167	Dr Evil (Slim-line version) & Hickey Slut	Caine Road Playground	6 th September 2009

The Warm Up

An other steamy summer's day saw us make the trip up the escalator to Caine Road for Dr Evil's second haring effort of week, after subjecting the Wednesday pack to his special "Invisible-rambo-route-unless-your-name-is-Community-Chest" run previous tried unsuccessfully with the Wanchai pack last year.

"Its so easy to sweat in Hong Kong," commented newcomer newcomer Trevor, who clearly has already found the way to Wan Chai!

It was nice to see the hares providing ice from the local Wellcome and Lesbian Buttslap was so excited that she rushed to help the hares, ensuring not only that the pack were provided with beer & softies below 30 degrees, but also ensuring she was able to pull out a good excuse for not bothering to run (again).

I was also glad to see CPH return from holiday, as he appears to be the only tech savvy committee member, maybe I'll now stop getting complaints from Haggis Humper about the trash and photos being out of synch.

The Run

The pack was presented with the choice of a Filipino or Danish Rambo split. Surely a Danish Rambo split is a "Viking" split, but never mind. The more I listened to the briefing the less I was able to understand which was easier, or indeed which had been set by each hare!

Anyway, we started off with a shortish urban section before heading off road after passing Po Shan Road. We had a little scrambling section over an area of new concrete. After an uphill section we got to the Wimp/Rambo split. Rambos headed up towards High West, where they were rewarded a bracing breeze.

After some "stupid Danish shiggy" (according to Hopeless) the two Rambo routes rejoined at Pinewood Battery and then rejoined the Wimps at the head of the morning trail.

The trail headed back into town where we were teased with markings of "On Home", "On On", "On Home", "On in" spaced out over the last 1.1km.

While I'm sure that some folk were glad of the Hickey Slut "no shiggy" option, but sometimes too much choice can be a problem. I am informed that poor Lost in Space was devastated to find what he missed on the Filipino Rambo and did the Danish one instead. If only he'd known Yummy Mummy & G-String were doing the Pansit, rather than the Bacon trail he would have gladly joined them.

Of course, with this being the mid-levels, there was an unadvertised Filipina Wimps trail as well, involving a very agreeable drinks stop chez Bottle Dancer. OK, maybe not the full wimps trail, but even so, a lot more exciting than the local jogger who spent the whole afternoon lapping round the playground.

The Circle

The GM gets proceedings going by calling the hares, although Ivana Nukok had to stand-in as a Hickey Slut look-a-like.

Next comes the Asshole Award, which goes to Ivana Nukok for kicking a dog out of the way on trail in an over-competitive pursuit of CPH.

All those who've given or received a hickey recently: Dr Evil, Anal Invitation & newcomer Trevor.

Anal Invitation stays in the circle and is joined by Little Sai Wanker, here are a pair of flatmates who know too much about each others hickies. This may be as a result of showering together.

The RA was reminded that the weather had again been too hot and humid. However, Hopeless was able to hand over the Dummy Spit Award to last week's hare, Boilers, who was heard to say he "will never set a Wanchai Hash again".

Bravefart has been sending the trash late, spending too much time inserting pictures of the muppets.

Actually its not just Doom & Bonecrusher who inspired Jim Henson...

Hopeless unable to find a diet coke...

...and we now know where Hash Horn disappeared to.

OK, that's enough muppets.

Down down for all those using "executive showers" (rather than the Old Sock shower, or just not bothering): Hickey Slut, Indy, Lost in Space, Anal Invitation, Little Sai Wanker, Bona Sleaza, Snap Shut.

Beancounter's Circle

Indy, Little Sai Wanker, Lost in Space, F3M, Hopeless, Frank the Plank & Inflate-o have all done 3 or more hashes in the last five days.

Non-runners - Big P, Black Widow, Motormouth, "Madame Bolton Bollocks" and Jam It In

GM's circle

CPH is phoning up the GM at anti-social times of the morning while he's out drinking with Doom & Black Widow.

F3M has overlooked the fact she recently completed 69 runs. Cue usual 69th run silliness.

Hopeless Circle

Caligula gets a down down for checking the hash list like he's marking homework.

Inflate-o is staking a claim to be HK's toughest hasher. Unable to use wet chalk, he is allegedly marking trail with his knob!

F3M & Bite N Suck have both lost stuff recently in their cavernous handbags and blamed Hopeless for it.

No-name Graham is leaving HK, so he needs a hash name to take with him. On account of his very special man boobs, he is named Tits Out, after Storm in a D Cup is rejected.

GM's Circle

Visitors and Virgins - It's too big, Trevor & Brett

Trevor stays in the circle for having been correctly informed in Taipei that WH3 is the best hash in Hong Kong.

Priscilla - for repeatedly calling up to check the start location (he's only set the run from here himself three times!)

Bware Wabbit - for displaying very regular breathing in an effort to avoid a heart attack while on the job.

Returnees - Indy, Bolton Bollocks, Jam It In, Tits Out, Little Sai Wanker, Frank the Plank

Dribble's circle

Frank the Plank has done 200 runs but there's no mug for him yet as he never says when he's going to turn up.

From the floor

Motormouth to Bite n Suck for not introducing herself as the Wanchai GM on the Ladies Hash.

Black Widow to Anal Invitation for not accepting a flower from Little Sai Wanker.

Bolton Bollocks to the Hares, for having no hair

F3M to Bware Wabbit for his order of "Filthy, mark it!"

Thanks to the Amahs - Lesbian Buttslap & Bottle Dancer

Next week's run is Absolut Wankers birthday run, which he is setting with Bravefart from Wong Nei Chung Gap. Meet at the Shell Garage for an A-B run.

On On to Wanchai.
