The Warm Up

Plenty of pre-hash goings on to report this week. **Lesbian Buttslap** & I made a rare visit to **Spicy Fingers** on Friday, in an unsuccessful attempt to shift some hash stash. Said stash was so unpopular, not even **Haggis Humper** would touch it. In fact, **Spit or Swallow** went to special trouble turn up in a suit and white bow tie, "anti-stash" if you will.

Now, I'm only a stand-in hash stash, so didn't really expect to have much sales success, however it seems that **Lost in Space** & I are doing such a poor job of publicising **Bwear Wabbit** in the weekly trash, that he's resorted to giving interviews to rival publications.

As it turned out, the **Wabbit** spent upwards of two hours entertaining a reporter from a "Varsity Magazine".

My initial reaction was that the magazine was doing a great cross-generational service. What one's parents get up to when one leaves the family home for university has always been a great unanswered question. I imagined splash headlines of the form "Old man shags young woman in SHOCKER!"

However, instead of a doped-up Glaswegian struggling to make their way home from Thailand in time from freshers' week, it seems the **Wabbit** was entertaining an innocent young Chinese, who was most fascinated by the origins of **Dribble Dick's** name.

All well and good and I'm sure the hare raiser had a very pleasant evening, but the **GM** was not so pleased. The hash is getting rather too much attention, what with **Media Whore's** enlightening TVB interview, **T8 & Santa Hash** in **SCMP**, **F3M** publicising the "Babes Hash" in a freesheet & a similar missive from **Piss Perfect** in the Sai Kung local rag, you'd be forgiven for wondering if it was ever going to stop.

"I hope they remember that the point of hash names was to provide anonymity," muttered the **GM**, whose real name is **Lord Lucan**.

So, I hope you enjoy this week's extended trash, so we don't need to be troubling real journalists again anytime soon.

And eventually, we make it on to what went on on Sunday.

Lesbian Buttslap & I were joined on the East Rail by **Smallbone**, who was burdened by a pair of chairs. Both **Lesbian BS & Kumping Soon** commented on **Smallbone's** new lean physique and any weight loss is surely aided by lugging around chairs for no apparent purpose, but more on that come down down time.

Arriving at Tai Po Market station we were joined by our visitors from across the border in Shekou. Of course, we knew they were coming because they delight in sending out very particular demands, masquerading as requests. If you missed their email inviting themselves (as it seems the **GM** did) then here is a flavour:

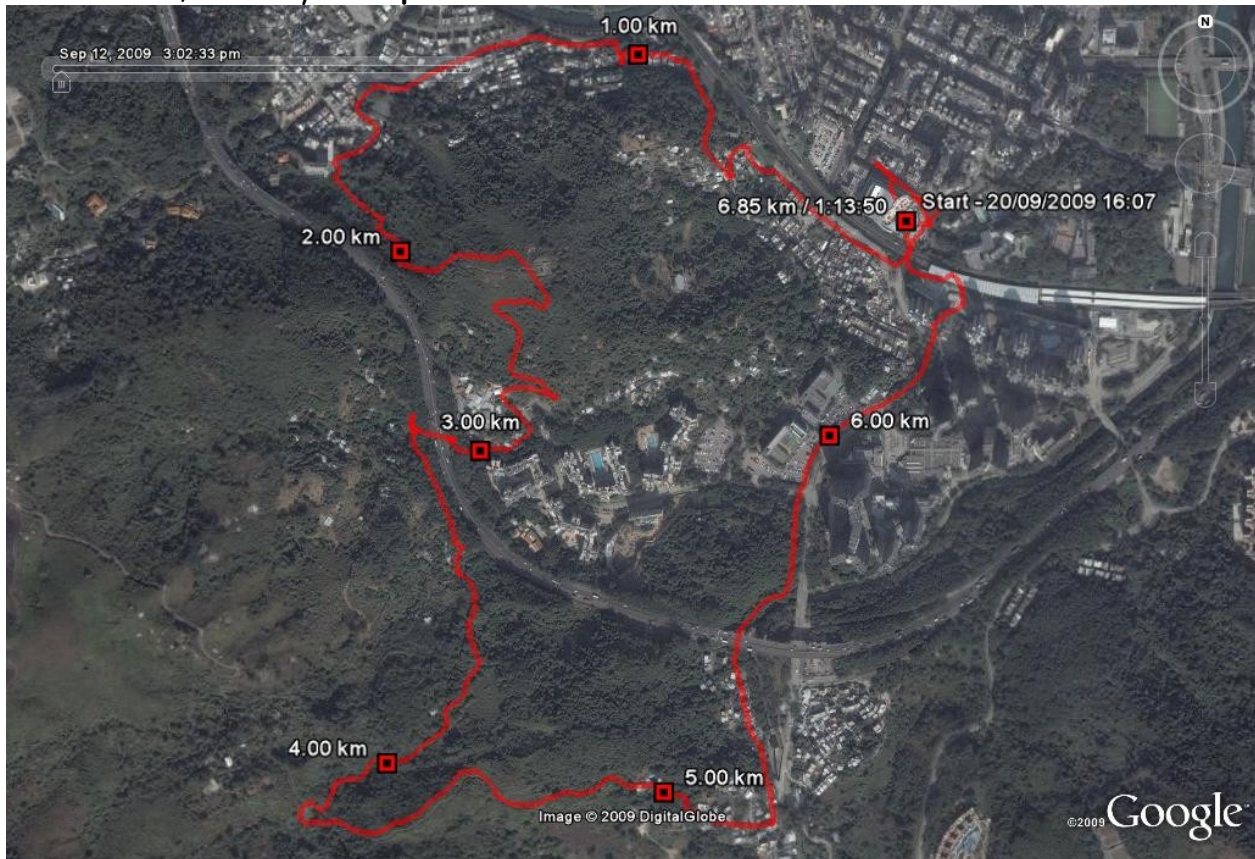

"Golden retriever puppies will provide Shekou hashers with a fresh roll of 3-ply Andrew toilet tissue [peach colour] in order to avoid any unfortunate instances of skid-marks defacing their steam-ironed, Persil-white Marks & Spencer underpants..."

(and so on for 94 years)

A nice bunch, but a little fussy.

The Run

So, after that preamble, we get to the run. If you've read enough, here is a GPS of the Rambo route, courtesy of **Hopeless**.

As you can see, we started off with a couple of urban checks before heading into some semi-shiggy. We passed a few graves, some taking closer interest than other (eh, Niggles?) before an unwelcome step descent down concrete steps.

Just before the Wimp/Rambo split the trail took us past a pair of tortoises, which **Smallbone & Haggis** rather ungraciously compared to the day's hares. And, after taking the first section of trail slowly, rather like the tortoise of the fable, I began to pass tired hashers as the Rambo trail went on.

Aided by a CB, I soon came upon **Hopeless & Old Sock**, both overheating at the side of the trail. We then headed up the side of a stream, crossing regularly with some (very) minor scrambling. Just as the trail rejoined concrete, I caught up with **Bwear Wabbit**, obviously feeling a little tired from his multiple media commitments.

The trail climbed to a fine hash view and continued until the concrete abruptly stopped. The final descent back into the village followed some rough stone steps before a kilometre or so of flat running home. Wimps & rambos returned at almost the same, sign of a well planned and very enjoyable trail.

The Circle

The **GM** (who does not want her identity revealed as Miss Jean Brodie) opened the circle...

First down down to **Shitlipstick**, **Beancounter** (**Dick the Shit** standing in) & secret hare **Liberace**.

There were no virgins, so the next down down went to visitors, 4 from Shekou (**Pixie Slut**, **Only Comes Twice**, **KGB & YMCA**) & one from Tokyo (**Ma-saki**).

Hopeless & Dr Evil (zero) were also invited in as they also hash in Tokyo from time to time.

Returnees **Disco Ass** ("the young one," remarked **Lesbian Buttslap** approvingly), **BOF** & **Moob** (**YMCA's FCH3** alter-ego) were called next.

Next down down to any church goers (of which we have two - **Kumming Soon & Dribble**) to join the hares who have been defacing graves by writing "On On" on them.

Hopeless - circle

Haggis called in for false advertising that there would be 11 Shekou hashers, rather than the 4 who did turn up.

Lesbian Buttslap, for conceding she *might* start running again in October. Unlikely.

Smallbone for instructing the RA to "just entertain me"

Inflate-a-date called as he knows he'll be in big trouble if he doesn't mark the checks for **Yummy Mummy**.

Woody Fcuk Her has been contemplating setting his first hash and has been asking if he can borrow old **GPS** to reuse and save him *recce-ing*!

Bwear Wabbit for racing when he found he was ahead of **Hopeless**.

Niggles for pissing on the graves in the shiggy, makes writing **On On** seem quite respectful.

Dribble's (trophy-less) Circle

Dr Evil (flyweight) for doing the Rambo trail twice

ET for not wanting to go up the shiggy.

Dick the Shit to stand in for **Beancounter** for inconsistent marking on the wimp trail.

GM's Circle

The GM's real name is Barbara Good

Only Comes Twice was called for being a piss poor GM of a lesser hash and having no down downs to give.

So, the GM has to give Shekou down downs instead...

DD to **YMCA & KGB** for having a domestic over the camera, **YMCA** disappointed KGB didn't snap any of the Tai Po scenery & wildlife, **KGB** replies "well, you only told me to keep it safe!"

Continuing with the Shekou hashers, it seems they have been making demands on email (see above). One such demand, as well as the 3-ply Andrex, was for to be given down downs on ice. This explains **Smallbone's** under-utilised chairs.

Without having enough ice to do the chairs justice, it suggested that the visitors should drink whole can down downs, while having ice dropped down those lovely steam ironed, Persil-white M&S underpants of theirs...

This was one of GM's better ideas and met with universal approval and **Shitlipstick & Dick the Shit** (still standing in for AWOL AGM Beancounter) happily obliged in helping to do the icing.

With our visitors thus invigorated, very apt to continue with a showering down down for **Virgin Mary** (who didn't shower and complained about the lack of facilities) & **Hickey Slut** (who did shower in the very agreeable changing rooms at the nearby sports centre).

Down down for **Shaves Daily** for shopping for melons on trail.

Anal Retreat, like **Bwear Wabbit**, taking an opportunity for racing and kicking **Hopeless** when he was down.

Hopeless circle

A temporary renaming: **Virgin Mary** -> **Anal Fcuker & Anal Invitation** -> **Anal Unfaithful**

Down down to **Motormouth** for having her hash skirt on back to front and also to **Smallbone** for noticing.

Time to name Rowena, currently only known as Rowena-2 or "Bendover's friend".

Large selection to choose from: **Cheap Date**, **Comes Over**, **Pearl necklace**, **Do Not Enter**, **Shit Love Stick** and **No entry** were all rejected and **Leg Over** was chosen.

Haggis then claimed the circle to make three announcements of which I only managed to transcribe two...

Free drinks & food in **Spicy Fingers** on **Wednesday 23rd** in **Spicy Fingers**. **Gay hash** has a family day run (I think the technical term is *grooming*) on **Thursday 1st**, **Chai Wan MTR A-B**, with **B** being a beach.

Last announcement might have been about **stash**, or about something else, if its important, I'm sure he'll send an email.

Bondi Barbie was called in to announce the run in 2 weeks time which is the **Samdim Memorial Run**, a bus run in the **New Territories**.

Next week's run will be hared by **Dribble & Twanx** from **Tung Chung MTR**.
