This Weeks Run...

Run No: 1186	Hares: Bware Wabbit and Self-Raising Flower	Place: Parkview	Date: 27 th Dec 2009
------------------------	---	---------------------------	---

After the warmest Hong Kong Christmas for twenty years, reality bites on **Bware Wabbit** and **Self-Raising Flower's** run with the temperature dipping into the low teens and the rain starting as we arrived. The **RA's** presence was sorely missed.

At around 4pm we were called to attention, with start directions given to the left and into Tai Tam Country Park. The fast movers of **Shitlips**, **Bondi Barbie**, **Inflato**, **Bravefart**, **Lost In Space**, **Emma Royde** and **Fanny Sniffer** were off down the main park road with the slower ones **Motor Mouth** and **Shithouse** at the back, assisted by **Bware Wabbit** who was re-marking the rain-affected trail. The pack headed right into the BBQ area and a side trail. From there it was back onto the road and over onto the scenic Tai Tam Family Trail. This came out onto the road again and down to the reservoir.

Crossing over, it was on along the catchwater heading towards Repulse Bay. But then hitting a check back we were on back where we ran into **Big P**, **Legover** and some of the faster runners from the Rambo trail. The correct direction was a side trail to the left, which led up the hill to a brick outhouse. Quick circle round and down to a nifty watercourse that is only passable in dry conditions.

Then up some steel steps and onto the road with a choice of wimps and super rambos. The wimps led up the road back to the start. The SR winded round a contour leading up to a slippery river bed which eventually came back out onto the road. Then on-home.

A good, thoughtful run with added element of cold and blustery conditions.
