This Weeks Run...

Run No:	Hares:	Place:	Date:
1193	Big P, Tiny Teepee, Mt Edna	Mui Wo, Lantau Island	31 st January 2010

The Warm Up

A rather small turn out this week, although not as a result of hare raising misinformation directing us to the wrong ferry pier.

We arrived at Mui Wo to be greeted by our virgin hare **Tiny Teepee**, his colourful chalk and cryptic (non-hash) t-shirt.

Sometimes you get the Bear, sometimes the Bear gets you.

Maybe it was the hare's fearsome reputation (obviously I'm talking **Big P** here) but with the pack sent on their way, 4 harriettes headed straight back to the pier for a leisurely cycle instead of the super-rambo survival course...

The Run

Perfect conditions, a great day for hashing. The trail took us through the back streets of Mui Wo. A few counter intuitive checks, coupled with some difficult-to-see coloured chalk initially kept the pack together.

However, it all went wrong with a three way check at the back of town. Verbal Diarrhoea called the pack on through a T and after a bit of searching, **One Inch Dick**, **Little Sai W*nker**, **Priscilla**, **Anal Invitation**, **Bware Wabbit** & I found ourselves on someone else's trail.

It became clear that we were not following flour fresh as the driven snow, indeed, if we'd listened more intently to the briefing we'd also have twigged that following white chalk was not the order of the day.

We can't all be **Hopeless** however, so with **Priscilla**, **One inch Dick** & **Little Sai W*nker** sensibly returning all the way the check (a fair distance) **Anal Invitation**, **Bware Wabbit** & I decided to apply several iterations of flawed hash logic.

"The trail must go somewhere!" (yes, true, but it could be the Airport, Disneyland or Pui O Wan...)

"There are three separate trails, we're bound to hit one of them again" (hmmm, not if your headed in the completely wrong direction)

"We're bound to find some more markings soon."

We eventually got up the ridge line and were rewarded with fantastic views over Mui Wo and the calm clear waters of the South China Sea. It must be said though, that the views were even better on the *real* trail.

Here's that "proper trail" (super Rambo variety) courtesy of **Hopeless**. Sadly your scribe went off the left of map around the 2 km mark, so there's no first hand account to be had of eight subsequent kilometres. **Priscilla** was, however, particularly fulsome in his praise of the trail, once he eventually found it again.

Those choosing two wheels over two feet joined up with the runners for the home stretch along the waterfront. No bears on trail.

The Circle

The **GM** got proceedings going by calling the 3 hares: **Big P**, **Tiny Teepee** & **Mt Edna**.

- **Tiny Teepee** stays in, as its his first anniversary on the hash, his first haring & his last hash (for the moment).
- **Beancounter** called in for sporting a new Wolverine-esque facial look.

Beancounter's circle

- **Bondi Barbie** called in for a sartorial disaster that didn't even feature any hash gear.
- **Bware Wabbit** for wading a stream to short cut.
- **Lesbian Buttslap**, **Leg Over**, **Bend Over**, **Shaves Daily**, **Irish Spew**, **CPH** & **Bobbledick** - all non-runners.
- **Lesbian Buttslap**, **Leg Over**, **Shaves Daily** & **Bend Over** have all been riding bikes. Are bikes better than men? Only **Lesbian Buttslap** comes out in favour of men...
- **Tiny Teepee** - FOYC
- **Verbal Diarrhoea** - visitor
- **One Inch Dick** - returnee (downgraded to "Quarter Inch Dick" in his new home in Manila)
- **F3M** - why is she washing her knees before the run?

GM's circle

- **One inch Dick** introduced to **Tiny Teepee** - two very short people (allegedly)
- **Octopussy** called in for giving **Virgin Mary** the advice that knee protectors will prevent injury.
- **Little Sai W*nker**, **Hopeless**, **Bobbledick** & **Anal Invitation** called for all agreeing that one injury that will be avoided is carpet burns.
- Extra down down delivered to **Virgin Mary** for think **Little Sai W*nker** was "Wanchai W*nker".
- **Bware Wabbit** for stealing the **SCMP** to read a report of a collapsing building.
- **Bware Wabbit** stays in for having designed the same collapsing building.
- **Bobbledick**, **Verbal Diarrhoea** & **Tiny Teepee** - other engineers & architects whose portfolios of work have not yet suffered collapse
- **Virgin Mary** cannot tell the difference between a skirt and a kilt
- **Hopeless** called in for arranging great weather.

Hopeless circle

- **Verbal Diarrhoea** runs through a T and leads the pack astray.
- **Bravefart** for being so astray as to not be seen on trail again.
- **Tiny Teepee** for sending the co-hares to set **CB's** that should have been **T's** and thus making them do far more mileage.

- **Motormouth & Tight Clit** - hash "cougars" preying on unsuspecting younger men.

Confused? All is revealed on the following link to advertising for a major airline...

GM's circle

- **Anal Invitation** is getting married without seeking permission and then claiming **Bite n Suck** is "not his GM"
- GM's of rival lesser hashes are called in - **Little Sai W*nker** (Boxer hash) & **Hopeless** (Hong Kong Friday Hash).

***Anal Invitation** is invited to get to his knees and plead to be allowed to marry. Is he really sure he wants to do this? In order to aid the decision making process, **Hopeless** reminds him that "every wife costs you a house", while **Virgin Mary** adds that "Anal Acceptance forgot your birthday".*

*Perhaps partially swayed by such persuasive arguments (**Little Sai W*nker** was notably silent) **Anal Invitation** grudgingly agreed he did want to get married and permission was granted in an equally grudging fashion.*

- To demonstrate the lunacy of marriage, **Bravefart** is called in to explain why he and **Lesbian Buttslap** are now so poor she's having to steal money from good luck fountains.
- Also on the subject of money, **F3M** won't let trainee hash cash **Community Chest** anywhere near it. She is allowed to tick the list though (and that's fun bit).
- **Anal Invitation** & **Little Sai W*nker** called for having dinner on Cheng Chau. It is observed that Cheng Chau is known for its "Love Hotels".

Ok, these guys are lawyers, but this down down is lame. Personally, I am at loss as what was being alleged. Some hashers don't have much imagination, we need things spelt out explicitly. Have we gone all "Don't ask don't tell" on the hash, just when its abolished for the US military? Or is the GM claiming they were joined by a third party (or a fourth, fifth, sixth??)

*If **Anal Invitation** & **Little Sai W*nker** have been up to no good, I want sordid details. Bring on the libel trial...*

- **Bravefart** is called in for making unapproved name changes in last week's trash

Beancounter's circle

- **GM** called in to explain why she forgot the fourth GM in our midst (BC is the GM of KH3)

GM's circle

- Calls in all KOTH runners - **Bobbledick & CPH**.

*Not the only hashers involved, thanks to CPH for this photo, showing **Snapshot** beating **Old Sock** to the snap shot...*

Next week's run - Tai Wai Exit G - hared by **Inflate-a-date**. Check emails for more details on weekend of hashing...
