This Weeks Run...

Run No:	Hares:	Place:	Date:
1195	Big P, Bware Wabbit & Self-raising Flower	Hk Squash Centre to Wanchai Gap	14 th February 2010

The Warm Up

Hashers are simple people, capable of dealing with only one idea at a time, so Wanchai Hash Lunar New Year has been postponed a fortnight.

So, this week, we only need to get our heads round Valentine's Day and Big P's birthday. Valentine's Day sometimes calls for a hash wedding, however we were not blessed with the pleasure of Anal Invitation & Anal Acceptance's presence. The soon-to-be-"Anal-Family" had headed off to Shanghai for the holiday, much to chagrin of Virgin Mary.

Frantic buzzing of the RA on Facebook, "Hopeless, Hopeless, what'll we do, we need to marry Bravefart & Lesbian Buttslap again."

Err, no we don't.

Good to see a selection of new runners - Monkey Sh*t (who after two hashes already has an impressive selection of Rambo route leg injuries) and Ian from Beijing.

Also returning was scribe Lost in Space, who I managed to gently pressgang into haring next week.

The run

So, with no need for nuptials and interfering with genuine weddings at the Cotton Tree Drive registry office, we loaded the bags into Bware Wabbit's "Blue Porsche" (pronounced "Nissan" by car enthusiasts) and set off up the Tramway path.

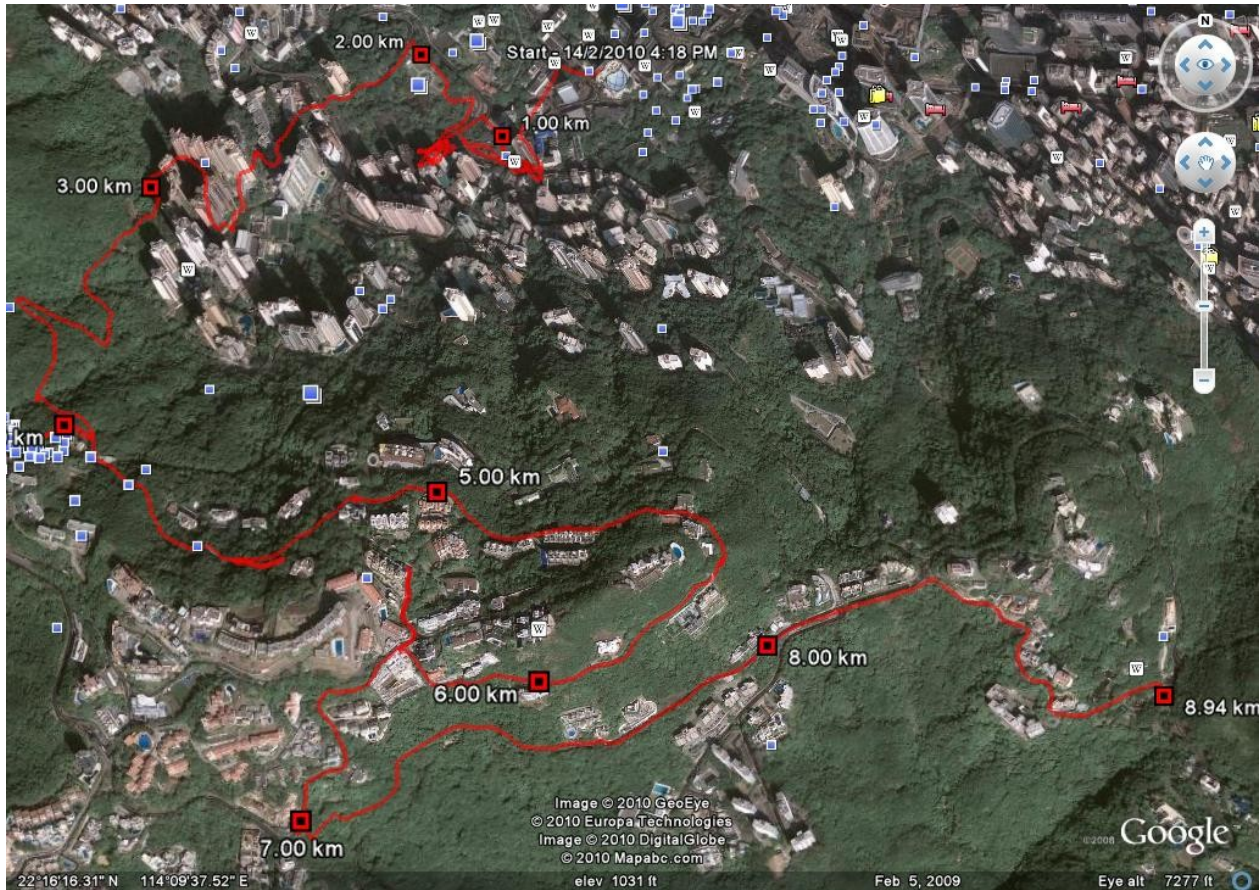

Some early confusion on Kennedy Road and Garden Road mixed the pack around and left your scribe and Boilers at the rear after a fruitless piece of checking in the Aviary. No further navigation issues as the pack struggled up the steep pavements of Old Peak Road.

Reaching the pedestrian section, it dawned on us that there would still be plenty of climbing to do and I toiled upwards into the clouds passing Bona Sleaza, Snapshut, Vomit &, err, Boilers who must've short-cutted somewhere.

Reaching the Peak, I caught up with Indy, who exclaimed "oh, its Bravefart" and sped up. I eventually caught up and we jogged round Severn Road, Plantation Road and various other fine colonially named roads debating where the hares might be taking the wimps (who'd exited left down the aptly named Hospital Path Olympic luge run) and how much further we'd need to go.

Thankfully, more desperate predictions (like running all the way back to Wanchai) proved wrong and we finished off with a sprint (of sorts) down Coombe Road to B at Wanchai Gap.

Here's the GPS...

The Circle

Hopeless starts the circle as we're lacking a GM and AGMs...

- Hares called in for long, wet run, with an element of danger (**Bware Wabbit** wiping himself out on the wimps section).

This must mean that **Big P** set the rambos (??!??)

- In the absence of the Anal's, the only representative of the last hash marriage, **Bravefart**, is called in with a new look-a-like wife, **Black Widow**.

This did not go down well when reported back to **Lesbian Buttslap** at home. **Anal Invitation** had better sort out his business in Shanghai and get married double quick so he was to face down all this nonsense in future...

- **F3M** is back from Australia and is complaining about jet lag, the weather and a strange new ailment "Deep Throat Thrombosis" (a Freudian slip and a good hash name).
- **Bravefart, Monkey Sh*t & Boliers** for all being allowed out without their other halves, although **Boilers** did take the somewhat more drastic step of sending **Rear-ender** to the Philippines. The others just invoked help from the in-laws to keep their wives entertained.
- Down down for all "couples": **Tight Clit & Choco** (I made the mistake of taking a moment to think about how that might work out in practice, I'll be seeking professional help immediately after the holidays), **Bware Wabbit & Self-raising Flower, Bravefart & Black Widow, BOF & Vomit** and **Hopeless & F3M**.
- **Thermal Dick** wins a kiss each from **Self-raising Flower & Big P** for collecting the most Lai See packets on trail. **F3M** wins the rather less appealing ladies' prize, a kiss from **BOF & Vomit**.
- **Thermal Dick** stays in to be joined by **Bravefart & CPH** for being Scottish losers.

CPH Circle

- The Old China Hand must be closed for New Year, because **Black Widow** has come to the hash.
- Alternatively, **OCH** has been drunk dry by **Indy** on her extended late night, early morning sessions this week.
- **Bware Wabbit** is too cheap to buy roses, some yellow substitute pot plants have been procured instead.
- **Lost in Space** has brought the weather from Anchorage Alaska.
- **Monkey Sh*t, Bravefart, Hopeless** - FRB's not FRB-ing.

Hopeless Circle

- Roses go up in price on Valentine's day, so he only has one for **F3M**.
- **Bware Wabbit** is suffering a hare raising crisis with last minute cancellations.
- **Ian from Beijing** for being a silly visitor without a change of clothes.
- **Shitlipstick** owns up to being a non-runner, but is not joined by the rest.
- **CPH** for being too busy racing **Monkey Sh*t** that he didn't realise **Monkey Sh*t** had taken the wimp trail.
- **BOF & Vomit** also racing
- **Bona Sleaza** for being a Farmville addict.

- **Virgin Mary** for looking on the back of DVD's to find which region they're from (good luck!)
- **Motormouth** for being the only person desperate enough to go all the way to Shek O for free beer at **Absolut W*nker's** going away party.
- **Stroke Me Harder** is missing red full fat coke.

CPH circle

- **Big P** is making her own stash
- **Hash Bike, Stroke me Harder, Bona Sleaza & Snapshot** - private circle in the ladies toilet with a six pack of Carlsberg and a pack of Pringles.
- **Ian** an honorary Scot - still in his T-shirt and drinking Skol. Can we get him Buckfast for next week?
- **All Americans** - their secret agents are microwaving our heads (according to protest outside the consulate)

Hopeless circle

- Various stash related down downs for **Indy, Bware Wabbit & Lost in Space** all to demonstrate the superior quality of Friday hash merchandise.
- **Tiny Teepee** is "taking his time" leaving
- "Women like that" informs **Vomit**
- **Bona Sleaza & Mt Edna** for being well dressed ladies
- **Thermal Dick & Ian** for being badly dressed guys
- **BOF** has retired from marathons to focus on ultra-marathons

F3M circle

- **Stroke me harder** - head banging injury
- **Shitlipstick** - complains the "hash cash purse" is limp
- **Bravefart** didn't pay for his "wife" **Black Widow**
- **Hopeless** to receive Valentines gift of phallic diggery-doo
- **Stroke me Harder** for giving her KOTH bib to **Inflate-a-date** and depriving **Hash Bike** of a category victory.

CPH circle

- **Big P** for looking for a cork screw for her screw top wine
- **Bona Sleaza** for being too sexy for her Santa hash shirt (must be a slow news day)
- **Snapshot** for beating Old Sock in the recent KOTH
