This Weeks Run...

Run No:	Hares:	Place:	Date:
1206	Bite & Suck, Big P and Slippery	Golden Beach, Gold Coast	2 May 2010

The run started at Golden Beach, although not so golden, with people trickling as late as 4.30 pm confused with the 900s bus routes. Even the **GM** and **Chief Hash Cash** got on the wrong bus and had to take a taxi back to A. Not so **Shit Lipstick** who strolled in dressed in a skirt (sarong) from his weekly dose of sunbathing.

Despite the latecomers, a little after 4.00 pm we were sent on our way, on on towards the beach to the first of many check (sarcasm) where the hapless **Hopeless** headed in totally the wrong direction, just to get his mileage up on his GPS.

Then 2km along Castle Peak Road to San Shing Temple Through to Wan Fan Street and the steps up to Stage 10 of the MacLehose (Oh no! Not again says **Old Sock** having done the Maclehorse 10 times at least). And so from 2.94km start to 7.54km end of catch water = 4.6km. Down So Kwun Wat Tsuen Road to So Kwun Wat Village and returning to Castle Peak Road and then a run, if you had the energy to the finish.

First in were the Kiwis, **Breon** who funnily enough doesn't drink, followed by **Inflatadate**, who does drink.

And so being a people's scribe, I asked from the sweaty smelly floor what the people (well hashers) thought of this week's ex-GM's run...

Hopeless: déjà vu, she stole my run and ran it backwards [Ed, being a teacher the ex-GM has eyes at the back of her head so could see where she was going).

Bwear Wabbit: I had the clockwork **Bof** behind who just kept on going but I beat him at the end. I refuse to be beaten by an elder geriatric.

Bof: Good training for 1/2 marathon and happy I'm still alive at 74!

Breon: it was fine run, although lacked variety but it was nice to be off the island

Boobaloob: better than being in Manila and I beat the wife in.

Hungry bum (wife) replied: I never race on the hash. However if there had been any serious elevation, I would have left **Boobaloob** for dead.

Beancounter: I bet we know where we're going and I was right.

And so on with the circle, **GM** DDs:

To the "beautiful and good" ex-GM, **Bite and Suck**, helped by previous ex-GMs, **Big P** and **Slippery**. **MM** shouted in the background that she had offered her services to co-hare as an ex-GM, but her email had bounced back funnily.

All ex-GMs: **MM**, **Slippery**, **Big P** and **Bite & Suck**

Big P: Bloody Mary is hash cash not Virgin Mary

CPH's circle

Monkey Shit: broken hip, broken nose, broken legs, not accident prone at all apparently, his just wife is keeps knocking him over.

Hares thanks for setting the first 10k race 1st **Breon**, 2nd **Inflatadate**. Sleeves of plastic worn and drinks poured into each others holes.

Bwear Wabbit took the wrong bus, doesn't follow his own advice.

Big P offering useful advice on the route to **Bendover** and **Legover** directed them to McDs and the shopping mall.

Dr Doom's circle

No one remembered his birthday except for one person one person, **Legover** who bought him a very expensive card which he will cherish for ever.

Bring in the beer mat.

He celebrate his birthday at La Terrasse, as a friend he gets over charged, so he rubs

CPH's bald head and says it feels like my **GM's** arse. Yes it does replies **CPH**.

All **Philippines** as investors in Goldman Sachs

All **Philippines** in Spiceys on Friday night, dancing like sinners and then asked to re-enact the dancing.

Virgin Mary thought it was her day off from hash cash duties, however seen running into the hash with the tick list and running the route with said list in her hand.

Shaves daily, didn't want to come along today because she would have to do amah duties. She's the hash amah.

GM's circle

Bravefart's wife called him up and demanded that he go home immediately, but he asked if he could go home later as he was having too much fun dancing with the other ladies at Spicy's.

Dr Doom and Inflatadate want to be hash stash next year, they want to design low **cut t-shirts** and **sex toys**.

Hash horn, **Inflatadate**, for no horn.

Hash nurse, **Yummy Mummy**, for no uniform, well there were no accidents on the trail.

She thanks **Monkey Shit** for not falling over and hurting himself. Watch this space next week.

Bwear Wabbit, to all the girls who do Farmville and then **Hopeless** who has finally finished.

[Ed: Thank God!]
