This Weeks Run...

Run No:	Hares:	Place:	Date:
1207	Legover and Bendover	Quarry Bay Park	9 May 2010

Back to Hong Kong Island this week and a pleasant location in Quarry Bay Park. A mother's day run was promised by **Bendover** and **Legover**, and a mother of a run it turned out to be for some of the Rambos in the first serious heat and humidity of the year. Fortunately, most Wimps came through unscathed in a well-planned run of varied trails.

On On was called at 4pm and the pack was off in the general direction of Taikoo Place with **Pinky, Captain John, Caligula, Hopeless, Lost In Space, Old Sock** and **Bware Wabbit** leading the way. Some confusion at King's Road footbridge, with the correct trail being diagnosed by **Mr** and **Mrs Bliss** as heading up towards Mount Parker Road.

On up, with the pack being strung out by the steep gradient. 800 metres later the trail veered right up some steps, with **Bone Crusher, Big P, Bottledancer, Slippery, Shaves Daily** and **Lesbian Buttslap** taking them in their stride. Eventually, the steps came out at a streambed which **Catch of the Day** negotiated before coming to a level path. This ran parallel along the hillside coming out back on Mount Parker Road. Haphazard markings caused some brief head scratching, with the correct route being left and down again to a Wimps/Rambos split. Rambos to the right and Wimps to the left. The latter being a gentle downward path into Kornhill and back to the start.

The Rambos being much longer and taking its toll on **Captain Pubic** and the hapless **Hopeless** who collapsed in a heap on his return.
