This Weeks Run...

Run No: 12xx	Hares: Rawhide and Haggis	Place: Cadogan Park, Kennedy Town	Date: 16 th May 2010
------------------------	-------------------------------------	--	---

Pre run observations:

I am always surprised how well some hashers live up to their names. As the Number One bus neared Kennedy Town a lone hasher was spotted at a roadside junction. His name, [Lost in Space](#), and what was he doing as we passed him? Looking totally lost and bewildered as if he had suddenly found himself in Ulan Bator instead of Kennedy Town. How he ever flies from A to B correctly I don't know.

Notable attendees were [Hickey Slut](#) with her daughter [Evian](#) who really ought to be old enough now to come running – surely [Bare Wabbit](#) can be trusted to behave on the trail? An old returnee was [Dr Evil \(thick\)](#) who had been absent for some while.

Various Southsiders were still holding their heads after the heavy drinking at their AGM on the previous day. Apparently the new GM was 3rd choice [Haggis Humper](#) whose parting shot as Haberdash was to splash out on Pringle style shirts (very fashionable in the late 80's) at \$280 each.

The run:

The first 10 minutes of the run followed the Kowloon Hash trail from the previous Monday. Arriving on Pokfulam Road, the trail did some contortions behind the sound barrier before heading up a narrow, slippery path which finally arrived at the top of Mount Davis. With all the low lying branches it seemed likely that Rawhide had laid most of the trail. There was a brief excursion through the gun emplacements for the rambos where [F3M](#) offered to show [Shitlipstick](#) some dark tunnels of interest saying "I've never come this way before" before the wimps and rambos joined up again and scampered home down the steps through the old squatter areas. Front runners home in under an hour. Back markers somewhat later.

The bucket:

A late arrival was [Black Widow](#) who had just woken up having spent all night at the OCH until being swept out with the rubbish at 8am. [PUTS](#) was also spotted lurking on the other side of the park hoping to attract a better class of mate than [DTS](#).

Down downs:

The GM

[Rawhide](#) – birthday girl. Still 25, apparently.

The hares

[Dr Evil \(thick\)](#) as a special returnee

Dribble Dick

Dr Evil (thin) for his 100 run mug

Marafat

The two anals for choosing a romantic restaurant on Mui Wo for their Saturday dinner only to find that Southside had chosen the same restaurant for their AGM.

Dragon Eye - who was asked to take her top off but, disappointingly, didn't

Virgin Mary and Anal Invitation for watching pornographic films

F3M and Hopeless for racing and Emma Royde for hindering said racing

The hares for low branches

Michael and Jo Jo (newcomers) for sex on the hash

Wet Nurse, Big P and Smallbone also for sex on the hash (presumably FFM rather than F3M)

CPH

The Hares for the biggest chalked check in the world. "These girls take things very literally" says Haggis.

Southsiders wearing Pringle shirts

Breon and Hopeless to show how the drainpipes work with stiff arm down downs - no paired drinking allowed this time

Hickey Slut playing at Action Woman

Bondi Barbie

The 2 anals - had they had sex yet? I suppose a Doctor has to know these things.

Bottle Dancer - laziness/ "female" excuses

DTS, Big P, Dribble, Wet Nurse, Splash, Indo Bimbo (phwoar) long/short cutting, taking their own trail.

Virgin Mary for dedication to duty as Hash Cash. Half way round on the run she turned on Octopussy and demanded hash cash. Can you imagine being married to a girl like that? Half way through making love she would probably ask if you had paid the rent this month!

Hopeless - new title of Supreme Dictator of the Hash

Haggis - mere GM of Southside (now a Kingdom again after the Republican Irish Spew was deposed)

Rawhide - for a real bender on Thursday night, coming home very drunk and then having a long conversation in an unknown language on the big white telephone.

Hopeless - for putting his sweaty socks on F3M's face while she was in bed. How romantic is that? And how do we know these things?

CPH

Dr Evils, Splash, DTS. All known for a slight deficit of hair on their heads. The question was which head felt like the GM's bum. Dr Evil (thick) won.

F3M - (I have "scratchy pussy" written in my notes but I can't remember why...) and Shitlipstick for exploring dark tunnels together.

All virgins

Black Widow for chatting up young boys in the OCH and for inviting Michelle and Michael.

Vistor Splash from Fiji. Splash flies the twice weekly plane from Fiji to HK. Currently economy return flights start at just \$3000 for a 10 hour flight. Sounds like a bargain to me.

GM

The hares. We now get another insight into hashers' domestic lives. **G String** awarded the Hares a piece of obscure S&M equipment – presumably surplus to **Dr Doom's** requirements or maybe ordered in error from the internet: "Sorry Susan, I meant to order a book on Inner Mongolian Political Parties from 1914 to 1915 but I ended up buying an extra large dildo"

The item in question was not a dildo but a fancy pair of leather armcuffs. **Haggis** looked quite interested until **Rawhide** set him straight but wearing it on her head like a witch's hat.

Filipina voters: All 9 of them. Apparently all had voted for Noy Noy.

Marafat

The Religious Advisor suddenly stripped off his shirt to reveal that he was **a real priest**. And all this time we thought he was a debauched, heavy drinking, dirty minded hasher. But there was the dog collar to prove it. Half the Filipinas crossed themselves instinctively while Evian was reassured that she was quite safe as she was not a young boy.

Fr Marafat proceeded to officiate at 2 baptisms. **Torsten**, who digs holes for a living, was named "Come in my vagina" whilst **Breon**, who works for the National Geographic as a high powered tea boy was named "Cheesy Flying Fux" (I think my spelling is correct)

CPH

Caligula for misreading the run announcement and wearing his best M & S underpants to the circle instead of an item of S&M

Haggis

Smallbone for bitching – I thought that was a girl thing.

Leg Over for having a Facebook entry as "Wang" which apparently means Rowena in Tagalog.

Dr Evil (thick)

Haggis for insisting that **Dr Evil** brought a Kazak hat back with him from Kazakhstan.

And that's all I can remember

Anyone who wishes to dispute any of the above in any way should email donotreply@toughshit.com

And now something to get all the Americans excited.....
