This Weeks Run...

Run No:	Hares:	Place:	Date:
1209	Camel & Smallbone	Siu Sai Wan	23 rd May 2010

The Run: Started at Siu Sai Wan park, where a lesser-know hash was formed, with the tired and emotional hares from the Shekou weekend.

So we went up through the park, up the stairs, and right to shiggy and then the catchwater behind the estate. A few CB brought the pack back together and onto the terracing, then to some mettle steps up to the road. A right turn to the entrance to the cemetery, another check with Hopeless leading the way up the steps, to the catchwater, and yet another CB, which turned out to be a loop that brought the hashers back, some 20 metres after the CB. Continuing along the catchwater, then on down the original hill back to the park and cold beers. Thank you.

The Pre-circle: Hash Nurse / **Yummy Mummy** walked in to flashes of camera and calls of "Wow, Wow, **Inflatato** should stay out of town more often". Check out the photos to see for yourself.

GM's circle: the hares, **Smallbone** and **Camel**. "So how was the run." "Excellent" was the cry.

Visitors + Virgins: **Pisspot** from Disco Bay who use to hash with the RSSH3 a long time ago, **Carla** also from Disco Bay, **Melody**, whose "alright, alright...etc" and finally **Lost at Sea**, again from Disco Bay.

"**Mr**" **Beancounter**: who fell asleep on trail.

Captain Pubic's circle: **GM G-string** for calling him John, whose John?

Smallbone and **Camel**: a thanks for shortening the RSSH3 tour so that they could set the run for the hashers today

Smallbone and **Camel**: for stealing a golf cart in China and trying to sell it in Disco Bay
Captain, couldn't wait any longer, on in Hash Nurse, to more flashes of camera. There were no injuries until **Yummy Mummy** arrived.

Caligula: did he fall down and sprain his sense of humour.

Hopeless and **Smallbone**: Serial RSSH3 markers in the circle. WH3 doesn't need an S in the arrow. Punished by drinking out of plastic sleeves.

Anal invitation: umpeenth time new shoes. Punished by drinking out of his left shoe.

Hares told all not to follow **Hopeless** on trail. He would be lost. He however, ran through a T, had to wear the plastic sleeve again. Yet another wet shirt.

Bondi's circle: recapping on hash names, and how much thought goes into the names, "a nano second" comes from the floor. So its so good that some hashers live up to the name, **Dick the Shit** with a circle of flies over his head, **Virgin Mary** with her legs crossed, later on in the shower I saw **Smallbone**, a couple of seconds after that I saw **Yummy Mummy**. Then finally behind some bushes on the run, **Legover** with **Shit Lipstick**.

Octopussy on in, naked trying to find a shower walked into a men's storage room.

Anal hashes: **Caligula/ Hopeless** and **Anal Invitation** and **Virgin Mary** who walk 20 miles to find a beer receipt.

Dr Doom's circle: **GM/ G-string**. Dr Doom hates Farmville, eating alone, sleeping alone, all because someone is playing Farmville, Doomville is so much better.

Captain Pubic, for his fetish with bald heads and **G-String's @rse** - but hey, what's on the menu at La Terrasse this week? Prawn with anus, Pork loin ass, Beef ass, Captain replies they are the best cuts

Smallbone what sexual position produces the ugliest children, ask SB's mom.

Lost as Sea is about to acquire a small dog - on in **Chocko**.

Beancounter - who adopts a humble posture - we celebrate Mothers day, Father's day, bu what do single guys celebrate? "laid" comes from the floor, no *Palm* Sunday.

GM's circle - part II: all Farmville players, **Hopeless**, **Legover**. **Bottledancer**, **Beulah**, **Caroline**. However, **Dr Doom** doesn't play Farmville, no, he plays PacMan online:

Dr Doom's circle: no racing on the hash, **Dribbledick** and **BOF** hitting each other with zimmerframes.

Hopeless' circle: Talking of racing, **Lost at Sea** racing **Indy Anus** and **Captain Pubic** racing **Dr Doom**, **Lost at Sea** declared that he let **Indy Anus** come first all the time.

Taxi: for taking 2 hours to get the hash

All the Yanks, **Dr Doom** had to do some research on US citizens, tried to check out National Enquirer, but its banned in HK

Dr Doom stay in being a yank, an Ozzie and senior Hash Cash, when someone asked to pay him replied "TVM", ie, **The Virgin Mary**

Who else has a camel toe on **Caroline**, Ms Canada - **Melody**, **Lost at Sea**. Camel on in to judge the best. **Yummy Mummy** clearly win and **Camel** gets a groin injury.

All **Philippina's** in the circle, laid end to end, they are all the same size, one size fits all.

Octopussy likes to bring along her flat mates, **Melody** on in, what happened to the other flat mates though?

All Ozzies in, **Indy Anus**, **Priscilla** and **Dr Doom**, not bitter about losing the grand prix at all, had nothing to do with locking up Lewis Hamilton for speeding in the streets.

Indy Anus and **Camel** both looking for jobs, although have part time work selling solar panels, and checking if they can make Indy run faster.

Beancounter's circle: to start a joke about a blow up doll, ask him to tell it, he does it so well!

Anniversary runs: **One Dick the Shit** = 250 **Beancounter** = 100 **Indy** = 150

Dribble on in, doing the run backwards and forgot the awards in China.

Bof and **Emmaroyd**, suddenly not well when they saw **Yummy Mummy**, best therapy for heart surgery is sex.

Next week's run on Tsing In by **Captain Pubic**. No one wants to know about the run, they just want to know if **Hash Nurse** / **Yummy Mummy** will be there, including the hare so that he can get sufficient beer in. I hear Kowloon hash men are coming too!
