This Weeks Run...

| Run No: | Hares:                         | Place:                     | Date:                         |
|---------|--------------------------------|----------------------------|-------------------------------|
| 1230    | Bravefart and Bravefart Senior | The Library, Yung Shue Wan | 17 <sup>th</sup> October 2010 |

The run start was moved at short notice from the behind the playground after it got dug up at short notice due to congestion in the sewer pipes downstream from the [Bravefart](#) residence. After the usual bull from the hares to which no one ever listens, the off was called soon after 4pm. The run went through the town and into the far end of the houses before coming out onto the Power Station beach. The early split had the wimps heading up the Power Station road while the Rambos went right to a check back, a diversion through the houses to the left and then back to Hing Shing Yeh Beach to a check at the end. From there it was left and up over the hills before rejoining the wimps and home.

A number of hashers seemed to get mesmerized by the wealth of shopping opportunities in Yung Shue Wan - (yes really!) - and never made it any further. That'll be [Big P](#), [Indy Anus](#), [Lesbian Buttslap](#), [Remy](#) and at least two others.

After a few beers the GM called the hash together and got the two hares in for the first down down.

GM

[Brave Fart](#) and his father (Free Fart? Daren't Fart? Follows Through?)

[Indy Anus](#) as a stand in RA (possibly resembling [Marafat](#) though I am not sure I could see the resemblance) for the excellent running weather.

Visitors - Andre, a man with a stick and Candy from HK who had "come many times", apparently.

Virgins - Gerry who was [Grandmamasan's](#) son

CPH

[Indy Anus](#) and [Motor Mouth](#) for the forthcoming Super Typhoon called Megi or maybe Maggie

What's the difference between Typhoon Megi and [Motor Mouth](#)? Answers on a postcard please.

[Bare Wabbit](#) - for rescheduling the Red Dress run and calling it the Brown Bag run. On in [Motor Mouth](#) and [Domestic Helper](#) for their old bag dress.

All the Southsiders who were not commemorating [Smallbone's](#) imminent departure - that'll be [Bravefart](#) and [Pugak](#).

[Bend Over](#) was then called in for having red knickers (ready for next week) and [Fuck Me on Porpoise](#) but not sure for what porpoise (groan)

KH3 members ([Shitlipstick](#) and [Bean Counter](#)) to warm them up for the following day's Kowloon AGM run.

Bondi Barbie

All the Shits - [Shitler](#), [Shitlipstick](#) and a [Dick The Shit](#) lookalike - [Bend Over](#)

Returnees – **Bend Over**, **Freehart**, **Pugak**, **Remy**, **Any Fanny Will Do**. **Bend Over** had flown in especially for the Red Dress run only to find it had been postponed.  
**Lesbian Buttslap** for letting **Bravehart** out for the day.  
**Big P** and **Indy Anus** for having children and not telling the Hash.  
**Ivananuck**, **Andre**, **Dr Evil** (thin) for all needing a stick to get around with.

#### CPH

**Indy Anus** – for having a 5 year old child by Caesarian Section from her right thigh and for showing us the wounded area.

**Hash Bike**, **Ivananuck** for doing the 36km Lantau Moontrek last weekend. “Get a Life” the Circle suggested.

**Freewheel** – for peeing on the Power Station. I had a dog who peed on an electric fence – but only once. Was it the same for you, **Freewheel**?

**Bottle Dancer** and **Shaves Daily** for finding big snakes on the run –possibly they were peeping on **Freewheel**.

**Pugak** – “for screwing hashers” is what I have written down. Is this is a new offence?

#### Pugak

**Pinky**. With his wonderful hair and dark glasses he looked like a cross between something from the Rocky Horror Show and a Chilean miner.

**Shitlipstick** for turning up on the Southside Hash and not paying.

**Bone Crusher** for peering on peeing girls.

#### Bondi Barbie

**Hash Bike** – she either can’t count or needs glasses as she thinks there are 4 towers on the Lamma Power Station – there are 2.

**Bravehart** – for Rupert Bear trousers (please see the Daily Express circa 1970 for more information)

**Bula** – for wearing THE Caligula shirt.

**Fuck Me on Porpoise** then told a joke about running on a naked hash (which got the guys’ attention), bending down to look at a check and getting a finger up her bum which made her go Ah Ah Ah just like Indy.

Hash Flashes – **Leg Over** and **Bend Over** for having all their pictures of happy hashers while in **CPH’s** pictures everyone had grimaces.

**CPH** for trying to photoshop his photos so everyone smiled – well almost everyone – even the helpdesk at Microsoft struggled with his pictures of **Shaves Daily**.

#### CPH

**Freehart** – socks and sandals

All the Scots – **Freehart**, **Bravehart**, **CPH**

**Black Widow** and **Pinky** – something to do with **Black Widow’s** mind. “Full of beer and chardonnay” was the general agreement.

**Shitler** and **Domestic Helper** – MTR builder and 24 hour blaster.

**Easy Over**, **Lesbian Buttslap**, **Motor Mouth**, **Mount Edna** – for sweaty armpits

**Shitlipstick** for being wet and sticky.

**Leg Over** for throwing away good food.

**Bean Counter** for trying to lose weight.

**Black Widow** for her new venture in Wanchai which will be opening “soon” with hash prices and discounts. There was a suggestion that the waitresses will be recruited from among the ranks of wayward girls that are currently her day to day responsibility. This got a few of the older members slaving at the thought.

Big P - no hash gear (but very fetching as usual)

GM

Pugak - 150 runs

Bula was christened Bulla Bulla

Domestic Helper - 10 runs

Next weeks run really is the Red Dress Run says Bare Wabbit
